Who is Barbara Heil? Barbara is a former Pentecostal minister who has traveled the world as a missionary, teacher, and evangelist. After an amazing journey, Barbara came into full communion with the Catholic Church in April of 2013. She is a dynamic inspirational speaker with a passion to awaken others to their destiny and purpose in Christ, and to lead people in deepening their walk with God.

(Please join us for a free event Saturday evening with Barbara at The Well located on 300 S Long St. starting at 7pm. Please bring the whole family!)

John and Kathy Tucker, an American couple, came to Cambodia in 2000 to work with the Maryknoll organization, providing assistance to adults who were dying with AIDS. They soon realized that, as the adults died, they often left behind children with no one to care for them. More often than not, the children were also infected with the HIV virus. Many of them were very sick and dying as well.

In response, John and Kathy founded and directed the successful Little Sprouts program through the Maryknoll organization. They began raising funds to purchase antiretroviral medications (ARVs) for Cambodian children. ARV medications totally suppress but do not destroy the HIV virus. They must be taken daily and consistently to keep the virus inactive. If not, the virus reactivates and begins to destroy the body's immune system, making a child vulnerable to developing the many opportunistic infections that lead to death.

The program quickly grew to become the largest pediatric HIV/AIDS treatment program in Southeast Asia, supplying more than 400 children with free ARV medications.

In 2006 seeing an urgent need for an expanded assistance program to support the 4,000 Cambodian children living with HIV/AIDS, John and Kathy founded New Hope for Cambodian Children.

Full-time holistic care for 100 orphans and abandoned children with HIV/AIDS is provided in our residential facility called Our Village, located outside Phnom Penh.

NHCC also provides total support for another forty five children in the New Hope Houses program. They are attending university or vocational school. NHCC pays their tuition and covers housing, food, medical, transportation and support staff costs.

New Hope for Cambodian Children collaborates with the Royal Government of the Kingdom of Cambodia and non-governmental organizations to assist Cambodian children and their affected families living with HIV/AIDS.

Your Donation Counts

We rely on individual donations of any amount in order to support each of our invaluable programs. We do not use individual donations for administrative expenses, but look to corporate sponsors and foundations for funds to cover our administrative costs.

All the HIV-infected children we serve, the 100 particularly vulnerable children at Our Village, the forty five children at university or vocational school, as well as the children living with extended families who attend Camp Lotus, need on your generous ongoing support. We – and they – will be truly grateful for your generosity.

SPONSOR A CHILD

You can sponsor an HIV-infected child at NHCC each month and know that your contribution helps to ensure the child's continued care. Your monthly donation supports housing and food expenses for your sponsored child. Your generosity also covers the child's medical and educational needs and helps provide for care-giving staff/foster parents.

Sponsors are matched with a child and will receive photos of their sponsored children as well as updates on their progress.

A contribution of \$200 each month completely supports one child's nutritional, medical and education needs. Please click the button to fully sponsor a child at NHCC.

EDUCATIONAL FUND

NHCC is committed to making sure that each child has the opportunity to complete a full education. Proceeds in our Education Fund are earmarked specifically for university and vocational school tuition for the older children.

Contribute \$500 pay for a semester's tuition for one child at university or contribute \$300 for a semester's tuition for one child at vocational school.

MEDICAL EXPENSES FUND

This fund ensures that we can pay for the special ARV medications for our HIV-infected children who are resistant to all other ARV medications. We must import and pay for these special medications ourselves. For one child this amounts to \$1,440 each year. Thankfully only a handful of children need these medications at present, but this expense makes up more than 20% of our medical budget.

This fund is also used to underwrite expenses for a child's emergency medical treatments. For example, when one of our children suffered massive liver and kidney failure, he needed to be rushed to Bangkok where he spent several weeks in intensive care. He made a complete recovery, but the total bill was over \$50,000. Generous donors contributed money to help this special little boy but NHCC had to add \$20,000 from our very small reserve to cover the balance.
